

TECNOLOGIA TRIDIMENSIONAL

HOUSE &  
IMPRESSIONE

Here you can browse the list  
of products of the leading  
manufacturer of plastic  
tubes in Latin America.

# ABOUT C-PACK

Reliability, quality, efficiency, commitment, innovation and fast-paced services. Based on these values C-Pack Creative Packaging S/A has won the title of Latin American leader in plastic tubes. With an annual production capacity of 220 million, a wide portfolio including 19, 22, 25, 30, 35, 40, 50, and 50 mm diameter, as well as 40, 35, 45 mm elliptical format, in addition to the variations of covers and various decorative combinations, we are the largest supplier of this type of packaging for cosmetic, pharmaceutical, food and manufacture industries. All tubes, covers and components produced by the company meet the strictest quality standards as well as Good Manufacturing Practices (GMP).

The plastic tube is a more environmentally friendly packaging, because it uses 50 percent less power and fewer raw materials, also being fully recyclable. It is also highlighted the clear capacity of being used as finished packaging, since it will not require any add-ons such as cartridges, boxes or blisters, which adds great advantages to meet all challenges now and in the future since it results in less materials following the final product. A sustainable, resilient and practical packaging.

C-Pack is located in the Industrial District of São José, greater Florianópolis (SC). The plant has 13,500 m<sup>2</sup> of constructed area covering of 36,000 m<sup>2</sup> plant site, with particular attention on the solutions applied throughout the site. The environmental resources are best exploited through TermoWalls, solar power, rainwater harvesting, waste treatment, as well as many other solutions that balance environmental concerns and high quality of the manufactured product. In addition to São José headquarters, the company has a sales unit in São Paulo - SP.

# STANDARDS

The exact packaging to fit your product.

By customizing your identity and advertising your brand, you can and rely on the quality of a trusted partner in the market.

# INNOVATE

Bringing new concepts  
for your packaging needs.

Dare with you packaging display,  
Stand above the usual by  
creating fresh ideas.

# 3D EFFECT

Printing technology that allows three-dimensional visualization of printed art.

**Possibility of decoration:**

Offset, Silkscreen, Hot stamping;

**Sizes:** All diameters offered by C-Pack.

# METALLIC CAP

Silver metallic caps Other metallic colors on request.

**Possibility of decoration:**

Offset, Silkscreen, Hot stamping;

**Sizes:** On request

# HIGHLY TRANSPARENT CAP

Caps made of highly transparent material.

**Sizes:** D19 & D35. Other diameters on request.

# PE GREEN

Plastic extruded tube with green polyethylene, renewable source and recyclable material.

**Possibility of decoration:**

Offset, Silkscreen, Hot stamping;

**Sizes:** All diameters offered by C-Pack.

# BRAILLE

Engraving for Braille reading.

**Possibility of decoration:**

Offset, Silkscreen, Hot stamping;

**Sizes:** All diameters offered by C-Pack.

# ANTIMICROBIAL

An additive is incorporated into plastic tube to provide microorganism protection for products and packaging.

**Possibility of decoration:**

Offset, Silkscreen, Hot stamping;

**Sizes:** All diameters offered by C-Pack.

# SURLYN® PLASTIC TUBE

Highly transparent and flexible packaging.

## Possibility of decoration:

Offset, Silkscreen, Hot stamping;

**Sizes:** All diameters offered by C-Pack.

# PCR

Packaging made of recycled material after usage.

## Possibility of decoration:

Offset, Silkscreen, Hot stamping;

**Sizes:** All diameters offered by C-Pack.
